FAVORS ROUTE BY WAY TECOMA INTO NEVADA

LETTER FROM NEVADA GOV. ERNOR MAKES ROADWAY IN UTAH POSSIBLE.

The \$14,000 appropriated by the legislature of Utah for the construction of the Midland trail in Box Elder county is now available, according to a notification made yesterday by the governor to the state road commission. The money has been held back since it was appropriated.

It was made available as a result of a letter from Governor Tasker L. Oddie of Nevada, in which the latter outlines the route through his state and the point of junction with Utah. It is claimed that the money has been withheld until this matter was settled. The letter from the Nevada governor and the payment of the money means that the road is now absolutely outlined, and E. R. Morgan, state engineer, has already begun preliminary construction work. The letter of the governor of Nevada follows:

"Two state highway routes have

been selected by our legislature, one entering at Teosma and the other near Ely, the construction of both of which I will do all in my power to promote. The state of Utah having selected the route entering Nevada at Teosma for its portion of the transcontinental highway, makes it imperative for Nevada to continue this route by way of Tecoma through the state. It is within the power of the counties through which it passes under existing legislation, to build this road, as shown in my letter to the boards of county commissioners of Nevada, dated April 22, 1913.

"In view of the action of Utah, I will continue my effort to get a favorable action so that Nevada's part of this construction of the great highway will be performed promptly and well.

"In view of the importance of the route across the state by way of Ely, I would respectfully urge Utah also to complete its roads connecting with this route."—Salt Lake Herald-Republican.

Attention, Royal Arch Masons.

A called convocation of Tonopah chapter No. 12, R. T. M., will be held at Masonic temple Wednesday evening at 8 o'clock sharp. Work in the M. E. M. degree. Visiting companions cordially invited to attend. By order of the H. P.

Light Can't Harm Schlitz in Brown Bottles

Pabst caution card is a direct admission that—to preserve the quality of beer in light bottles—it is necessary to protect it from light.

We contend—scientists corroborate—and competitors admit—that light deteriorates the quality of beer.

Brown glass offers the best protection against light.

"Schlitz" is made pure and then kept pure from the brewery to your glass.
